

## RIDLEY SWIMMING FUND

The TCF Ridley Swimming Fund was created to help provide long-term financial stability to the Ridley High School Swimming and Diving Team. The goal of the Ridley Swimming Fund is to provide equipment and resources to benefit the Ridley High School Swimming and Diving Team, as well as residents within the TCF Service Area who may use the Ridley High School Natatorium facility. The RHS Natatorium hosts various activities for the community at-large including, but not be limited to: learn-to-swim programs, competitive swimming and diving clinics, special needs aquatic education and competition, and Masters training and competitive programs.

Donating to the TCF Ridley Swimming Fund will help to ensure that the legacy of the Ridley Swimming and Diving Team remains intact for future generations. Though funding for school athletic programs decreases each year, the expenses for a high school sports team remain considerable. Funding these athletic programs is essential, however, as student athletes are often held to rigorous academic standards thereby promoting overall success for those participating in team sports. With the continuing budgetary challenges currently facing Pennsylvanians in regards to education, your charitable donation will be maximized towards helping maintain team facilities and ensuring that the Ridley Natatorium remains one of the finest pools in Delaware County.

Your generosity will also help all Ridley swimmers and divers to have access to the finest training equipment available.

To donate securely, please visit [www.TCFhelps.org](http://www.TCFhelps.org) and click the DONATE button. Click to donate a restricted gift, and be sure to specify that you wish to donate to the “Ridley Swimming Fund” in the *Fund or Purpose* line of the form. Thank you in advance for supporting the Ridley Swimming and Diving Teams!
