

When Ridley Park Police Officer Marc Hanly was shot in the chest in the line of duty in August of 2015, his bulletproof vest saved his life. However, with his ordeal came the sobering realization that not every police officer working in Delaware County would have been as fortunate. Due to the high cost of bulletproof vests, not all local governments and police departments have prioritized this important investment in their officers. Marc's close call and subsequent awareness of underfunded bulletproof vests in Delaware County served as a catalyst for his family, friends, and colleagues to enact positive change for vulnerable officers. Marc, his partner Jim Nasella, Jim's wife Carole Nasella, and Prospect Park Officer Buzz Coffin leaped into action and formed Vest-a-Cop under the TCF umbrella of charitable activities.

TCF and Vest-a-Cop encourage governmental leaders to equip all of our police officers with bulletproof ballistic safety vests. Nevertheless, TCF and Vest-A-Cop are willing to help, and so can you as a donor!

The passionate members of the Vest-a-Cop Team are energetically raising financial resources. Just as they are working towards this goal, you can also be directly responsible for helping to protect the lives of Delaware County officers on duty. Your donations and the surpluses generated by Vest-a-Cop fundraising events will be used to partner with our local communities to properly outfit our police officers against the inherent risks of the job.

Help TCF and Vest-a-Cop to PROTECT those who PROTECT us...join us by donating to the Vest-a-Cop Fund today!
